About Ben-Gurion University: Ben-Gurion University of the Negev (BGU) was established in 1969 with a mission to be an engine for the development of Israel's Negev region. Today, BGU is a world-renowned institution of research and higher learning that has transcended the boundaries of academia to create a new model of education and research that impacts people's lives in the Negev region, throughout Israel and around the world. With some 20,000 students and campuses in Beer-Sheva, Sede Boqer and Eilat, BGU is truly an oasis of innovation, leading research in cyber and homeland security; alternative energy; desert and water research; global health; medical technologies; Israel studies, culture and Jewish thought; and high-tech and robotics.
