AI and National Security: A Conversation for Policymakers, Innovators, and Business Leaders

November 10, 2025 | 8:00 AM – 2:00 PM

Georgia Tech | Scholars Event Theater, Price Gilbert Memorial Library

The Sam Nunn School of International Affairs at Georgia Tech invites you to join the 2025 Sam Nunn–Bank of America Policy Forum. This year's event will focus on AI and national security, convening leaders from government, industry, academia, and the nonprofit sector to explore the impact of AI on defense, policy, and the private sector.

The half-day program will feature:

Keynote remarks from **Dr. William Roper**, former Assistant Secretary of the Air Force for Acquisition, Technology & Logistics

Expert panels on:

- Demystifying AI for national security and business leaders
 - Pressing AI needs across the U.S. defense enterprise
- Dual-use innovation and Georgia's role in the national AI ecosystem

Luncheon keynote address on national security in the AI age

Breakfast & lunch will be provided.

The Forum offers a unique opportunity for policymakers, scholars, innovators, and business leaders to engage in conversations on how AI is transforming defense and industry, while building pathways for cross-sector collaboration.
